The Annual Excellence Planner

About This Academic Calendar & Syllabus

Why We've Prepared This Calendar

This academic planner is designed as a roadmap for the entire session to ensure transparency, planning, and collaboration between school, students, and parents. Our goals are:

- 1.Academic Clarity:** To give you a clear month-wise view of the syllabus coverage so students can plan studies and revisions without last-minute pressure.
- 2.Holistic Development:** To highlight co-curricular activities, competitions, celebrations, and sports events so every child gets opportunities beyond textbooks.
- 3.Better Home-School Partnership:** To help parents stay aligned with what's happening in school and support their ward's learning journey effectively.

How Parents Can Use This Calendar

For Curriculum Support:

- Monthly Check-ins:** At the start of each month, review the syllabus planned. Encourage your child to read those chapters in advance.
- Revision Planning:** Use the test/exam dates as milestones. Help your child revise the portions mentioned for that month well before assessments.
- Homework Alignment:** Cross-check if homework given matches the topics listed for the month. This ensures your child is on track.

For Co-Curricular Growth:

- Mark the Dates:** Note down competitions, annual day, sports day, and celebration dates. Motivate your child to participate based on their interests.
- Preparation Time:** Activities are mentioned in advance so students get enough time to practice at home.
- Balance is Key:** Use this planner to help your child balance studies with sports, arts, and cultural events for all-round development.

Benefits for Students & Parents

- Students:** Reduces exam stress, builds consistency, encourages participation, and develops time management skills.
- Parents:** No surprises about tests or events, easier to plan family functions, better involvement in child's progress, and clear communication with school.

Note: *This is a guiding document. Actual classroom teaching pace may vary slightly based on student understanding. For day-to-day updates, the school diary remains the official communication channel.*
